

Online ACH

DRAFT FUNDS DIRECTLY FROM CUSTOMER BANK ACCOUNTS

SecureNet's Online ACH service allows merchants to draft funds directly from customer bank accounts, avoiding the delays and costs associated with handling paper checks.

FEATURES

- Process electronic check payments right off the internet.
- Excellent for MOTO (mail order/telephone order), membership clubs (buyer's clubs, fitness centers, associations), charities, property management, subscriptions, utilities and insurance companies.
- Fedline Advantage, a direct connection to the Federal Reserve, for fast, reliable processing.

ADVANTAGES

- Expands potential customer base to include customers who do not own payment cards.
- Better serves customers who prefer to pay with checks.
- Cost-effective alternative to paper checks.
- Low processing and transaction fees that decrease with volume.

CUSTOMIZATION

- Routing verification services included, plus customizable fraud and risk management tools.
- Integrate into merchant's existing web site or create links to our Hosted Payment Pages web-based payment interface.
- Access to SecureNet's toll-free 24/7/365 merchant support services hotline.
